20th April, 2021

Dear Parents/Carers,

Following a number of communications with parents, I am writing to assure you all that any unacceptable parental behaviour, if witnessed by staff, will be addressed in line with the policies of the school.

Visitors to school and all members of staff have the right to work without fear of violence and abuse.

We expect parents and other visitors to behave in a reasonable way towards members of school staff and each other. The Managing of Violent and Abusive Visitors Policy (available on the school website) outlines the steps that will be taken where behaviour is unacceptable.

Unacceptable behaviour may result in the local authority and the police being informed of the incident.

In addition to our usual procedures, we have COVID19 arrangements in place for parents. These are to keep our whole school community safe. Parents must follow these new procedures and failure to do so could result in further action.

These procedures include: entry and exit by allocated gates only, only 1 parent to enter playgrounds, parents should not be on any playground if their child is not exiting that way, no congregating around gates, parents must follow staff direction at all times, children must not play on any playground equipment etc. Please reread the relevant previous emails sent.

Parents and visitors who fail to behave appropriately may be banned by the head teacher from the school premises for a period of time, subject to review. This includes failure to follow COVID19 procedures.

Yours sincerely

PJMalcolm
