We understand that manual handling is the movement of a load (inanimate objects as well as pupils) by means of bodily force which includes lifting, supporting, carrying, putting down, pushing and pulling.

We have a duty under the Manual Handling Regulations 1998 to reduce the risk of manual handling injuries and provide guidance on the measures that should be taken to ensure safe lifting and carrying by school personnel.

We endeavour to reduce risk to school personnel by undertaking risk assessments, having in place lifting aids and a workplace environment that has been ergonomically designed.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.
